

I am grateful for the Beauty for Ashes ministry. The freedom, tools, and resources that were provided have continued on in my life. Before this ministry, there were many things I was unaware of as a Christian. I received the gift of the baptism of the Holy Spirit along with empowerment that has allowed me to walk in confidence. The confidence that has been provided to us through Father God. I learned of my authority and how to implement it in my everyday life. I was living in a life of torment through fear and have been set free from that. When the enemy tries to put that stronghold on me I am now able to recognize it. The love, care, and desire to set people free and show them what God wants for them through this ministry is so needed. It has been a tremendous help to me. And through my freedom, it has trickled on to my family. I have freedom, empowerment, and the ability to love and help others now through discovering all of these things after meeting with this ministry.

MINISTRIES**
ISAIAH 61

I am thrilled to have the opportunity to share my experience with Beauty For Ashes Ministries. Prior to my appointment with this ministry, I was eagerly anticipating the chance to receive their services. From everything I had heard about the ministry, I knew that they were a group of dedicated individuals who were committed to helping people find deliverance and freedom in their lives. During my appointment with Beauty For Ashes Ministries, I was struck by how attentive and caring the ladies were toward me. They listened to my story with empathy and compassion, and I felt like I was in a safe and non-judgmental environment where I could share my struggles and receive the support and guidance I needed. I would highly recommend Beauty For Ashes Ministries to anyone who is considering a deliverance appointment. We all have things in our past that we need to be delivered from, and this ministry provides a safe and effective way to do just that. Overall, I believe that the people who are called to serve in this ministry are doing God's work. They give of their time and attention so freely because they understand just how important this work is. I am so grateful for the experience I had with Beauty For Ashes Ministries and would encourage anyone who is seeking deliverance to reach out to them. Remember, you are important, and there is hope for healing and restoration in your life.
